## Enrichment programme

The Waggingtons' Enrichment Programme has been created in order to enhance and enable the wellbeing of every dog in our care. Through every-day activities such as on-site training, playing and grooming, we are able to ensure that each dog is stimulated, happy and safe.

Please agree to the following points by signing below.

### 1.1 Exercise

- I agree that my dog will be walked twice daily outside of the home environment and according to the Waggingtons' schedule (1 hour per walk. Dogs with special requirements including puppies and special needs, will be exercised according to owner instructions)
- I agree that my dog will be walked and exercised in the company of other dogs.
- I agree that my dog will be walked off lead YES. NO. (Please circle)
- I agree to provide a collar and tag for my dog, but that Waggingtons will also use their own information to identify my dog whilst in their care.
- I understand that my dog will be given access to the garden at all times, weather permitting.

### 1.2 Socialization, Grooming & Play

- I understand that whilst Waggingtons does not charge for a grooming service, each dog is washed, dried, massaged and brushed down after each walk. I agree to my dog being handled in this way.
- I understand that games/toys will be guided and supervised to ensure stability, safety and development. Any treats used will be supplied by Waggingtons (unless otherwise specified).
- I agree that Waggingtons may interact and play with my dog in a structured manner to enhance development.
- Waggingtons provides balls and a range of other toys which are used daily during play (both inside and outside) by all dogs. I understand that if I choose to provide my own toys, these may not be returned in the same condition.
- I understand that the staff are on hand at all times to play with and stimulate my dog in various different activities, in the intervals between walks and that my dog will also be given areas to rest and sleep.
- I give consent that my dog will be socialized with other dogs whilst at Waggingtons
- I agree and am aware that my dog will be supervised in play with other dogs at all times and that only reward based training is used

### 1.3 Safety

- I understand that dogs are never left unsupervised and that all staff are trained in the management, supervision and care that is required to look after my dog
- I have seen that the environment at Waggingtons is properly fenced, maintained and cleaned and agree that my dog is allowed full access to all areas.
- I accept that all dogs on premises are neutered and spayed (if over one year) and understand that my dog will be interacting with other dogs that have all been vetted according to Waggingtons' policy.
- I have been given and have read the information regarding puppies and dogs under 1 year of age and agree to the terms that Waggingtons have adopted.
